

Competition Overview:

The Inter-Section Competition is designed to challenge students' skills in HTML, CSS, Netlify, and GitHub. It aims to foster healthy competition among different sections while enhancing students' proficiency in web development technologies.

Competition Details:

- **Duration:** 1.5 hours with .5 hours of Checking

Criteria for Grading:

- HTML/10
- CSS/10
- Hosting/10
- GitHub/10

Grading Process:

- Based on the criteria provided, there will be a distribution of 10 marks each for HTML, CSS, Netlify, and GitHub, totaling 40 marks overall.
- Trainers will be responsible for grading students from other classes.
